

Do Your Kitchen's & Dining Areas comply with Health & Hygiene Regulations?

Insect Chain Screens

Food Safety (General Food Hygiene) Regulations 1995

EC Directive on the hygiene of foodstuffs (93/43/EEC)

Extract

windows, doors and other openings.....

(d) windows, doors and other openings must be constructed to prevent the accumulation of dirt. Those which can be opened to the outside environment must where necessary be fitted with **insect proof screens** which can be easily removed for cleaning. Where open doors and windows would result in contamination of food-stuffs, windows must remain closed and fixed during production.

Anodised Aluminium

Same day quotations

Flameproof

13 colours
